CUSHIONI Terrazzo Deco Tile

Peel-and-stick terrazzo-look tiles with a realistic embossed texture — self-install, water-resistant, KC certified.

The finishing touch for a self-styled interior. No separate adhesive is needed — a removable sticker (included) attaches each tile cleanly and lifts away without residue. A co-molded embossing process reproduces the texture of real terrazzo stone, and the surface resists everyday water and scratches for easy upkeep. It has passed Korea's KC safety certification for harmful substances, so it's a look you can trust as well as enjoy — ideal for rental spaces where a big renovation isn't an option.
