CUSHIONI Tile Carpet

No-glue carpet tiles that click into place in minutes — soft, sound-dampening and easy to clean.

Clean the floor, lay it down — done. CUSHIONI Tile Carpet installs in about 5 minutes with no glue or double-sided tape, so first-time DIYers can do it with zero tools. Each tile has real weight, so it stays put on the floor, and the soft cushioned surface is warm and comfortable underfoot while dampening noise between rooms and floors. A non-slip backing keeps it safe for kids and older family members, and the muted color line hides everyday stains, making cleanup as easy as a quick mop.
